

Microbubble-Biotin and Avidin

Catalog: MBF-06BA

PRODUCT INFORMATION

Name	Microbubble-Biotin and Avidin
-------------	-------------------------------

Cat No.	MBF-06BA
----------------	----------

Application	Targeted capture Ultrasonic sorting Molecular imaging Drug/gene delivery
--------------------	--

Concentration	>2.5E10 microbubbles/ml
----------------------	-------------------------

Storage	2-8°C for up to 6 months
----------------	--------------------------
