

# Nanodisc Human CD133 Protein, Biotin Labeled

Catalog: NADSC-004H

## PRODUCT INFORMATION

---

<b>Name</b>	Nanodisc Human CD133 Protein, Biotin Labeled
<b>Cat No.</b>	NADSC-004H
<b>Shortname</b>	MSP1D1
<b>Gene Name</b>	CD133
<b>Source</b>	HEK293
<b>Product Overview</b>	Recombinant Human CD133 (20-865aa) was expressed in HEK293 with C terminal His-Avi tag and labeled with biotin. The protein is assembled to nanodisc using MSP1D1 as stabilization membrane protein.
<b>Species</b>	Human
<b>Tag</b>	His-Avi
<b>Form</b>	Liquid
<b>Storage Buffer</b>	20 mM HEPES, 150 mM NaCl, pH7.5 with trehalose as protectant
<b>Storage</b>	Store at -80°C
