

Ovalbumin-mRNA Lipid Nanoparticle (LNP)

Catalog: BSLNP-004Z

PRODUCT INFORMATION

Name Ovalbumin-mRNA Lipid Nanoparticle (LNP)

Cat No. BSLNP-004Z

Product Overview This product encapsulates 100g/mL Ovalbumin-mRNA in lipid nanoparticles. It has been designed to produce high expression level of Ovalbumin protein which is commonly used antigen for immunization and biochemical studies and also an established model allergen for airway hyper responsiveness.

Form Liquid

Storage Buffer PBS with 5% sucrose

Concentration The total lipid concentration is 2.5mM

Storage Store at -80 °C
