

Active Vitamin A & Vitamin E & Rosehip Liposome Complex

Catalog: Lipo-210C

PRODUCT INFORMATION

Name	Active Vitamin A & Vitamin E & Rosehip Liposome Complex
Cat No.	Lipo-210C
Product Overview	<p>This formulation contains liposomes made of phospholipids from soy lecithin, Rosehip extract, Vitamin A and Vitamin E. The liposomal delivery system protects the active ingredient making it to reach the target cells more efficiently. Vitamin A is a skin-restoring, wrinkle-smoothing, firming ingredient and an antioxidant, allowing it to improve a variety of skin concerns, most related to visible signs of aging. Vitamin E is one of the most well-known and researched antioxidants for the body and for skin. The rosehip seed, obtained from different plant species of the genus Rosa, is one of the most commonly used compounds for cosmetic improvement of skin scarring. This complex is intended to produce specific lotions, creams, and gels. Product designed to be used in cosmetic formulation in the range of 5 to 10 %.</p>
