

Phosphatidylserine,PS (brain,bovine) Na salt

Catalog: Lipo-494

PRODUCT INFORMATION

Name	Phosphatidylserine,PS (brain,bovine) Na salt
Cat No.	Lipo-494
CAS	383907-32-2
Product Overview	Phosphatidylserine (abbreviated Ptd-L-Ser or PS) is a phospholipid and is a component of the cell membrane. It plays a key role in cell cycle signaling, specifically in relationship to apoptosis.
Purity	>98%
Application	Liposome production; Natural Lipid
Synonyms	PS (brain, bovine) Sodium salt; L- α -Phosphatidylserine (brain, bovine) Na salt
