

DSPE-PEG-CHO

Catalog: Lipo-512

PRODUCT INFORMATION

Name	DSPE-PEG-CHO
-------------	--------------

Cat No.	Lipo-512
----------------	----------

Product Overview	DSPE PEG aldehyde is a phospholipid PEG derivative with amine reactive aldehyde group.
-------------------------	--

Purity	>95%
---------------	------

Application	Liposome production; Synthetic lipid
--------------------	--------------------------------------

Form	Off-white/white solid
-------------	-----------------------

Storage	Store at -20 °C
----------------	-----------------
