

## 3 Well Crystallization Plate

Catalog: CB-149

### PRODUCT INFORMATION

|                        |                              |
|------------------------|------------------------------|
| Product Name           | 3 Well Crystallization Plate |
| Catalog Number         | CB-149                       |
| Reservoir Well Volume  | 30 $\mu$ l                   |
| Protein Well Reservoir | 3                            |
| Protein Well Volume    | 5 $\mu$ l                    |
| Material               | UVP                          |
| Surface                | UVP                          |

### USAGE GUIDELINES

|                  |                                                                                                                                                      |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| General Handling | Avoid excessive mixing or vortexing to prevent aggregation. Long-term storage above -80°C may result in aggregate formation. Thaw on ice before use. |
| Storage          | <b>Short term:</b> +2°C to +8°C (up to 1 week)<br><b>Long term:</b> -80°C (stable for 12 months)                                                     |
| Stability        | Stable for 12 months at -80°C. Avoid repeated freeze-thaw cycles.                                                                                    |
| Freeze / Thaw    | Can be frozen, but limit to $\leq$ 3 freeze/thaw cycles to maintain particle integrity.                                                              |

**Important:** This product is for **research use only**. Not intended for diagnostic or therapeutic applications. Please refer to the Safety Data Sheet (SDS) for complete handling and safety information.
